Dear Gordon:

On behalf of the associates of Health Net Inc, in New Jersey, I would like to thank Doctor Proodian for his recent visit to our office. His Health Seminar discussion on “*Fatigue-Solutions for an Exhausted Society*” was outstanding. The response from our associates was overwhelming positive. They enjoyed the interaction with the doctor and appreciated having the opportunity to ask questions and explore new ideas. As a company that promotes “best practices,” Doctor Proodian’s recommendations on how best to improve the quality of life, as it relates to the challenges and opportunities to live a healthier lifestyle, were much appreciated. We recognize the benefits of Health Education for all of us and look forward to a return visit from Doctor Proodian.

With kind regards,

Betty Palmisano
